NEWS IN THE VICINAGE.

There will be a reunion of the deaf mutes who have been graduated from the Danville school. It began June 11 and continues three days.

Mrs. Rosalind Nesbitt has just published a piece of music entitled "Just Sixteen." The song is pronounced by music lovers to be a real gem.—Mt. Vernon Signal.

Dan Tudor, the Madison county scamp, who had a bastardy warrant against him dismissed on a promise of marrying the girl, gave the officers the slip and left for parts unknown.

Charles Francis Montgomery, son of Rev. J. Q. Montgomery, of Liberty, graduated last week at the Kentucky University with the degree of B. of A.

Miss Hester, daughter of Mr. and Mrs. John Sparks, of London, accidentally shot herself in the leg, severing the main artery and causing her to bleed to death.

Mr. Alfred R. Totten has accepted a position to manage the coal property at Altamont in the interest of New York owners. He was formerly an engineer on the Cincinnati Southern and later city engineer of Lexington.

The estate of Capt. Thomas Prince, who died from the effects of injuries received when the band stand of the Richmond Fair Association fell, has engaged Attorney T. T. Forman, of Lexington, to bring suit for damages.

Prof. Proctor K. McElroy, of Lebanon, has been added to the faculty of Central University. Chancellor Blanton announces a donation of \$10,000 to the endowment fund of the university and says a new gymnasium will be erected this fall.

SOLDIERS FARING BETTER.

CHICKAMAUGA, June 10.—The Second Kentucky is faring much better now. Leaf bread and beef steak supplant hardtack and bacon. We also have beans, potatoes, tomatoes, onions, sow belly, soup, etc. A large 12-inch pipe furnishes water from Chickamauga River and drinking water is hauled in barrels from the famous Crawfish Springs. Whisky is more plentiful in Kentucky than drinking water in Georgia.

Some people may be dwelling under the impression that a soldier has nothing to do but to drill, talk and sleep, but they are sadly mistaken. Our quarters are to clean every day—each day a detail is made up for some special duty and there are a hundred and one other things.

I wish to state that that Chickamauga dispatch which stated that 15 of our boys had fallen asleep while on picket duty is a bare face lie; but one Kentuckian has fallen asleep while on duty and the shouting he got will be a dose long to be remembered and there is little danger of a repetition.

Gov. Bradley, his staff, Miss Christine and half a dozen other girls from the Blue Grass State made us a visit Wednesday. The governor made us one of his characteristic speeches and it was well listened to and appreciated by all Kentuckians. He said the first thing a Kentuckian did now when he got a paper was not to read of Sampson's fleet or the bombardment of Havana, but to look up the news from Chickamauga, where the boys from "Ole Kaintuck" were stationed. He was glad that once more there was no North and no South, but all sections were united to leave our firesides to fight under the one flag and to uphold the honor and integrity of the nation.

A good soaking rain would be hailed with delight. Only one small shower has fallen since our arrival and the dust is fearful. There has been but little sickness in the second and there are very few in the hospital. If there are any more of the boys in either Lincoln or Casey that wish to enlist now is the time and they have an excellent chance of getting into the second as the number of men will be increased from 81 to 103 men to the company.

CLARENCE COLEMAN.

The largest railroad curve in the United States is on the line of the Columbus, Hocking Valley and Toledo. It is two and one half miles in length. Should the circle of which the curve is a part be completed, a train would have to travel 20 miles to get around to the starting place. The curve is so extensive and so scientifically constructed that trains run at great speed as 60 miles per hour over it.

Cristobal Colon, the name of Admiral Cervera's flagship, is Christopher Columbus in English. The Cristobal Colon discovered America at Santiago and now wishes it hadn't.—Louisville Commercial.

Mr. P. Ketcham, of Pike City, Cal., says: "During my brother's late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by Craig & Hoeker, Druggists.

POLITICAL POINTS.

The Advocate says a public meeting was held at Danville to make arrangements to entertain the delegates to the congressional district convention in fine style.

Sam Shepard, clerk in the Register of the Land Office, has been appointed State statistical agent for Kentucky, in charge of correspondence in every county to gather agricultural statistics.

The Louisville Times inquires "What is a Bryan democrat?" that is easy. A Bryan democrat is a democrat who votes the democratic ticket nominated by a democratic convention, and placed on a democratic platform. A Bryan democrat is a democrat with no yellow streaks in him, and no affinity for the republican party on election day, or any other day in the year.—Louisville Dispatch.

The Spencer Courier says of the speaking there: John B. Thompson led off in a witty and catchy address announcing his candidacy. Then he pitched into Mr. McCreary and his record and was very caustic. He devoted nearly all of his time to criticism of "the statesman from Madison's" record. He was frequently applauded, and it was evident that the crowd was anxious to witness a lively tilt between Thompson and McCreary. Hon. G. G. Gilbert followed and made a most eloquent and scholarly speech, treating both of his opponents with courtesy and consideration. While he handled the records some himself, he did it in a better spirit, showing that he felt none of the enmity which so plainly existed between Mr. Thompson and Mr. McCreary. When Gov. McCreary's time came he at once went back at Mr. Thompson in a way which delighted the crowd. He did not spare his opponent and showed himself a veteran at such work, scoring point after point, to the great amusement of the crowd. He not only defended his own record, but also went into Mr. Thompson's record and also touched Mr. Gilbert up just a little bit. He was in fine spirits and spoke at his best.

CHURCH CHATTER.

Spurgeon's Tabernacle is to be rebuilt at once. The \$110,000 insurance will pay one-half the cost.

The Somerset Reporter says that Rev. H. C. Morrison's meetings there are drawing great crowds and much good is being done.

Rev. W. S. Grinstead, who held a meeting with Rev. H. R. Mills, at Mt. Zion, Jessamine county, had three additions and a number of recommitments.

Rev. G. W. Young will preach at the Methodist church here next Sunday in place of Rev. W. S. Grinstead, who is holding a protracted meeting at Mr. Young's church at Richmond.

Elder W. A. Foster's meeting at Hustonville had 20 additions to Sunday night and the interest is spreading many miles. Services will continue all the week at 10 A. M. and 8 P. M.

Dr. J. H. Boyer, who held a meeting at Preachersville last year, preached his farewell sermon to his church at Lexington Sunday, having accepted the call to the 3rd Avenue Baptist church, Louisville.

Rev. Walter Lacey, corresponding secretary, tells us that the South District Association of colored Baptists will meet at Somerset next Thursday and that the railroads will give a 15 rate on the certificate plan.

Gov. Bradley pardoned Elder William M. Weatherford, who was recently returned to the penitentiary from Indiana, where he had been engaged as a minister of the Gospel for some years since his escape in 1888. He is the father of Representative Weatherford, of Livingston county, and he was instrumental in securing the pardon.

The following is from a Nashville, Tenn., paper concerning Evangelist W. R. Gales, who will begin his meeting here in the Presbyterian church June 18: "Up to date 150 members have been added on confession of faith to the four co-operating churches. Many more will yet join, probably running the numbers up to 200. This is a grand showing, and something to be thankful for, but the general remark is, that the blessing which came to those in the church was greater cause for thankfulness than the blessing which came to those on the outside. No Evangelist has made a more favorable impression on the people."

A young man at college who had far overdrawn his account with the home-folks, as a last resort wrote home as follows:

"Father—I want a check for \$50 in order to join the military class, as I am going to enlist in the army as soon as hostilities are declared."

To this letter the old man replied, briefly:

"Jim—I fit all through the war, and was wounded seven times without ever joining any military class. That ain't no art in it. All you got to do is—shet yer eyes pray ter the Lord, an' pull the trigger."—Atlanta Constitution.

LANCASTER.

Mrs. J. S. Robinson entertained Friday night in honor of Misses Johnson and Letcher, of Henderson.

Arrangements have finally been completed to have a man meet the night trains and we now get our mail and express at 7 A. M. instead of waiting until 11 o'clock.

Ed Clouse, who killed W. B. Tracy, had an examining trial Friday and was admitted to bail in the sum of \$500, which he gave. The testimony was pretty damaging against Clouse. The bail fixed is a heavy one taking into consideration the man's circumstances.

Marshal Newland and Charles Carson came over Sunday in search of several members of the notorious Gill-Story gang, who have been stealing all over the country, taking saddles, bridles, harness and in fact everything that was not nailed down; however Madison county officials had forestalled them and taken the prisoners to Richmond. Contractor J. R. Hill has about completed the new work house and it will be turned over to the town and county shortly. It is a neat, brick structure and a great improvement over the old work house. It cost the town and county about \$2,500 and will be used as a receptacle for both police court and county prisoners. Rice Benge will act as host.

John Lear, Louis Landrum and R. L. Elkin went to Chickamauga Monday. Mrs. Jennie Eastland, of Columbus, O., is visiting at W. H. Kincaid's. Mr. and Mrs. H. N. Faulconer have returned from Chickamauga and have taken rooms at Dr. H. M. Grant's. Miss Stevenson, of Madison, Ind., is visiting Miss Mary Gill. J. Mort Rothwell came down from Dripping Springs Saturday to make final preparations for the opening Wednesday. The Lancaster band will play during the day and the very best music has been engaged for the hops at night. Mort has thoroughly remodeled the Springs and will have a crowd throughout the season.

The toll-gate raiders, who it was thought had joined Teddy Roosevelt's raiders, are still with us and on last Friday night swooped down on another gate. About midnight last Friday, O. L. Terrill, the keeper of the double gate on the Richmond pike, was awakened by the sound of clapping on the gate. He went out and discovered a crowd of a dozen masked horsemen busily engaged in destroying the gate. Terrill recognized one of the men and said: "I know you Bill Wren as well as I know any one." The man replied, "As you know me so well I will put an end to you," and discharged a Winchester rifle at Terrill. The bullet missed its mark and imbedded itself in an oak plank. Terrill, after being threatened and warned by the raiders, returned to the house and they finished their work and rode away in the direction of Lancaster. On Saturday morning, President J. A. Doy came to town and made application to Judge Burnside for guards, which was granted and men are now on duty at the gate. Terrill resumed the collection of toll Saturday morning. He came to town and swore out a warrant for Wren and Sunday Sheriff Ward arrested him and placed him in jail. Wren is a married man, about 27 years old and is a teamster for Koehler Bros. He denies any knowledge of the tollgate raid and claims he will be able to prove an alibi. He will have an examining trial the latter part of the week.

TO THE PUBLIC.

"Having sold out my coal and feed plants to Messrs. Warner & Perrin, I cordially recommend them to the good people of Stanford and Lincoln county as my successors and I take this opportunity to thank your good people at large and a few in particular who have so kindly stood as my friends during the three years of a business life in your midst. God bless them all and may He forgive whatever has been amiss in your humble servant. If any have censured him, may their censure be turned into sympathy, when they remember that he has done the best he could; 'pro bono publico' and his little family. We have not determined what we shall do, but he who careth for the sparrow will care for those who trust Him; and 'where He leadeth we will follow.' Yours, R. R. NOEL, Of Noel & Son.

In the two years since Elizabethtown put in its system of water works, the town has paid with a very light tax rate \$2,000 of the bonded debt, \$1,200 of floating debt, \$300 for hose, \$1,000 for additional pipe line and about \$1,400 deficit in the operating expenses of the water plant in the two years and several hundred dollars in improvements at the power house. The water system now lacks less than a hundred dollars of paying expenses.—News.

It is estimated that more gold and silver have been sunk in the sea than are now in circulation in the whole world.

MISS KATHERINE LEWIS.

The beautiful young lady, whose features are portrayed above, is the charming guest of her schoolmate, Mrs. W. H. Shanks. She is from Defiance, O., where her beauty, attractive personality and engaging manners make her the reigning belle, and in the Blue Grass State noted for its beautiful women, she rivals the loveliest of them all. She has been the centre of attraction here since her arrival and the attention she has received is decidedly flattering to her. Mrs. Shanks entertained in Miss Lewis' honor Saturday evening, when she captivated the hearts of the ladies as well as gentlemen, who assembled to meet her. The evening proved generally delightful, the hostess and her bewitching guest making all feel that it was good to be there. Elegant refreshments were served and everything else done to make the occasion enjoyable.

MCKINNEY.

Born, to the wives of George Coffey and J. H. Barker, last Thursday and Friday, a girl each.

D. S. Riffe has bought the half interest of his partner, H. D. McClure, in their store here and will continue the business at the same stand.

Rev. T. H. Coleman preached at the Baptist church Sunday morning and Rev. W. S. Grinstead at the Presbyterian church in the afternoon. Both sermons were good and liberally complimented. The Baptist brethren decided to begin a series of meetings on the 5th Sunday in July and continue indefinitely. The pastor will be assisted by Rev. Sallinger, of Mt. Sterling. The Methodists' meeting will begin on the 3rd Sunday in July and continue two weeks.

Mr. Ad Martin, a good citizen of the Mt. Salem neighborhood, is confined to his room with some form of lung trouble. Mrs. Van Owens, of Junction City, is with her daughter, Mrs. Ed. J. Tanner, assisting in the care of her little sick grandson. B. Smith has moved into the property just vacated by H. D. McClure. R. T. Smith, of Illinois, came in Saturday and will attend court in Stanford this week. K. L. Tanner, W. K. Shugars and G. M. Givens were in the mountains last week buying horses and mules for the government. They secured about 20 at fair prices.

Op. Laid, a young man, probably 22 years of age, died of consumption at his home near here Sunday morning. The disease is said to have been the result of an attack of grip. A. J. Barton is still confined to his room, with little hope of an early recovery. Ray, the little son of Ed J. Tanner, who has been dangerously ill with cholera infantum, is now slowly improving. The little son of Mr. Polsgrove, who was struck on the head by a stone thrown at a mule by a Negro several days ago, is now thought to be in a safe way to recover. The blow crushed the skull, but skillful surgery was effective.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by Craig & Hoeker, Druggists.

Of the 15 decisive battles of the world the average death rate in the last five of them (of which alone reliable statistics are preserved) was about 25 per cent, ranging from 20 per cent, the British loss at Saratoga, to 47 per cent, the loss of the Swedes at Pultowa.

Gov. Bradley appointed Mrs. Frances E. Beauchamp, D. R. Howard and William Worthington as Commissioners of the State Houses of Reform.

THE INTERIOR JOURNAL

STANFORD, KY., - JUNE 14, 1898

W. P. WALTON.

THE Stars and Stripes now wave over Cuba, at least a portion of it, and from the same staff that the Spanish flag was wont to sport itself to the breezes. Friday 850 marines from the Panther were landed on the eastern side of Guantanamo harbor, under the guns of the Oregon, Marblehead and Yankee and seized and fortified Crest Heights. Landing was effected after the guns of the American ships had driven off a force of Spanish infantry. The position is a strong one and makes the landing of land forces easy. It also enables the Americans to seize the railroad to Calmanera. The gunboat Vixen landed 400 rifles, five tons of provisions and 60,000 rounds of ammunition for the insurgents at Aserrado, 30 miles west of Santiago. Spanish cavalry attempted to interfere, and the Vixen shelled them, doing great execution.

There seems to be wretched management in the dispatch of soldiers to Santiago. Admiral Sampson is said to be very restive under the delay, feeling that now is the time to strike and every moment that the attack is postponed means the cost of hundreds of lives. It is said that after several transports had been loaded with men and horses and had started to sea under a convoy of warships, an order was sent countermanding the order to sail and dispatch boats had to be sent to overhaul the transports and bring them back. Crowded on the boats the soldiers suffered greatly from heat and many were prostrated while on one vessel alone 17 horses died from overheating. It takes time and a good deal of it to get ready for war, but not to be ready for one expedition in two months is inexcusable and shows that the direction of affairs is minus a head.

Telegraphic reports of last evening say that 15,000 troops are now on their way to Cuba, under formidable convoy but at fastest sailing they can not get to Santiago before Thursday, or two weeks later than Sampson expected them. As all of the troops are regulars the wonder grows why they were not sent sooner. General Incompetence seems to be in command.

Ambassador Hay cables from London that Manila has surrendered, but no confirmation of it had been received to the hour of going to press. There was a report of a battle there Saturday by the insurgents led by Aguinaldo and the news may be true.

THE war revenue bill taxes mightily near everything in sight and is so comprehensive that it would take this whole paper to print it. The secretary of the treasury is authorized to borrow from time to time at not exceeding 3 per cent, such sums to the extent of \$100,000,000 as in his judgment may be necessary to meet public expenditures and to issue certificates of indebtedness in denominations of \$50, or some multiple of that sum. He is also authorized to issue \$400,000,000 if necessary in \$20 or some multiple thereof, interest bearing coupons, with 3 per cent interest and they are to be offered first as a popular loan at par. The secretary is further directed to coin into standard silver dollars as rapidly as the public interests may require to an amount, however, of not less than one and one-half millions of dollars in each month, all of the silver bullion now in the treasury, purchased in accordance with the provisions of the act approved July 14, 1890.

THERE seems prospect of more real war in Clay county than in Cuba. The state force of 50 men are there under charge of that valorous warrior, Col. W. S. Forrester, and are at present masters of the situation, but they know not the hour nor the day when the Bakers or the Howards may swoop down on them and capture the whole lay out. The report was that the troops had gone out yesterday for the Bakers, but whether they got them or not dependent saith not. As a brother of Sheriff B. P. White was killed by that faction, he has given way to the coroner, who is acting as Sheriff. Much trouble is apprehended.

KENTUCKY as usual is getting left at the hands of McKinley. Of the 357 army officers appointed, the old Commonwealth shows up with only two, while Ohio has 29, Pennsylvania 21, Illinois 16 and so on. Speaking of kissing going by favors, we observe that the president is still favoring his Buckeye State, his latest appointment being that of J. Warren Keifer, a meazley old back number, to be a major general. With such men in charge no wonder military matters are miserably mixed and getting worse.

A VOTE on the resolution to annex the Hawaiian Islands will be taken in the House at 5 P. M. Wednesday. Since the United States seems to have the Philippines for the taking, the annexation of these islands is regarded as a military necessity for a coaling station, but as our vessels get coal there now without any trouble, this does not seem to be well-founded.

THERE is a probability that some of the green major and brigadier generals that McKinley has foisted on the army for political reasons will be tried before a court martial for incompetency and inefficiency. Matters are in a terrible mixed condition at Tampa. Over 15 miles of freight cars are on the tracks and nobody knows or seems to care whether their perishable contents rot or not. One specific charge is that a car of balloons sent two months ago was only found after a long hunt. No blame attaches to the railroads. The green generals and their aides deserve it all.

NEARLY all of the 2x4 statesmen, who imagine themselves Congressional probabilities, are against Gov. McCreary. They are afraid if he gets in again, he can't be dislodged and they will have to wait till he voluntarily retires as he did two years ago, with very calamitous results, all will agree.

STILL PUTTING ON FIGHT.

SPAIN SAYS SHE IS DETERMINED TO CONTINUE THE WAR.

CADIZ SQUADRON CAN NOT SWIM.

TROOPS SAIL AT LAST FOR CUBA.

WASHINGTON, June 13.—The army for Cuban invasion, Gen. Shafter commanding, 15,000 strong, left Key West at daylight this morning with formidable convoy.

WASHINGTON, June 13.—The war department announces that active preparations have begun for second army of invasion, which is believed to be destined to Porto Rico.

HIGHLAND LIGHT, MASS., June 13.—Cruiser San Francisco aground but thought she will float at high tide.

WASHINGTON, June 13.—Navy department has seemingly reliable information that Cadiz squadron is unfit for sea.

MADRID, June 13.—Semi-official notice just received says that Spain is full of hope and determined to continue the war.

WASHINGTON, June 13.—The president nominated Wm. Ekin, assistant quartermaster with rank of captain, and Wm. Morton Faqua surgeon with rank of major.

WAR ECHOES.

It is estimated that the war revenue bill will yield not less than \$175,000,000 revenue the first year.

D. Bullard, discharged from Co. F, Ga., Infantry for disability, killed himself at Fort McPherson, Atlanta.

The war has shown that the United States has two friends at least among the nations of the earth, one is England and the other is Hawaii.

During the bombardment of the forts at the North of Santiago harbor one of the shells from the Dolphin wrecked a railroad train, killing many Spanish troops which occupied it.

Uncle Sam's seamen will have a long coast line to defend. It measures 5,715 miles, embracing 2,349 miles on the Atlantic Ocean, 1,356 on the Gulf of Mexico and 1,810 on the Pacific Ocean.

A torpedo in the St. Johns River, Fla., exploded, killing three men and badly wounded Lieut. Hart, of the United States Engineers, in charge of the work of fortifying the river at that point.

Gen. Poland, in command of the 2nd division at Chickamauga, has issued an order that all women must leave the camp. Nearly all the officers had their wives with them and they are much pelted by it.

Major-General Fred Grant and Brigadier-General T. S. Bilis, in company with Col. E. H. Gaither, will visit Harrodsburg within the next week, and will be entertained by Judge Hughes at his "Old Kentucky Home."—Harrodsburg Democrat.

Gov. Bradley has telegraphed Secretary Alger, asking that the Second Kentucky regiment be assigned to Gen. Fred Grant's command. The governor has also asked that the Kentucky soldiers be paid for the month they have been in the Federal service.

Lieut. C. A. Tinsley, of Troop A, First Kentucky Cavalry, is in Kentucky to recruit men. He reports the condition of affairs at Chickamauga pleasant on the whole, but that the dust is almost insufferable. There has been no rain since April 23.

The greatest electric searchlight in the world, now being erected at Ft. Monroe to guard the entrance to the Chesapeake, has a beam of light nine feet in diameter, will illuminate an object 100 miles off, and can be seen on the clouds at even a greater distance.

The vessel captured Friday night by the St. Louis turns out to have been the British collier Twickenham, which has for weeks been seeking an opportunity to deliver to the Spanish fleet a cargo of 3,200 tons of coal. The Twickenham attempted to run away from the St. Louis, but was brought to by a solid shot.

Intense excitement was caused at Fort Monroe Friday night shortly after 9 o'clock by a dispatch received from the signal station at Cape Henry stating that Spanish warships were lurking in that vicinity, but the mysterious craft turned out to be harmless German freighters.

The Government has fixed the following war valuations on Pacific mail steamers already taken for the Philippine expedition: City of Pekin, \$650,000; City of Sydney, \$475,000; China,

\$900,000; Colon, \$350,000. If any of these vessels should be destroyed by the enemy the Government would have to pay the valuation. In case of loss by wind or storm the companies pay it.

The Negroes ought to be sent at once to the front. Those of the 24th and 25th Infantry again became riotous at Ybor City and Tampa, Fla. They did great damage, and wounded several people before they were finally overwhelmed by two white companies. Several Negroes were killed or injured, and one white soldier of the Second Massachusetts was wounded and an officer was reported seriously wounded. The entire Second Georgia regiment was finally called out to preserve order among the Negroes.

The flag of the United States is now probably floating over the Ladrone Islands, in the Pacific Ocean, heretofore numbered among Spain's colonial possessions. The island lies about 1,000 miles East of the Philippines. When the cruiser Charleston sailed from San Francisco, May 22, Capt. Bliss had orders to sail to Guajan, the principal island of the Ladrone group, and after compelling the surrender of the garrison there to raise the American flag. The transport City of Pekin, with 1,000 troops, was under orders to land men there.

ADDITIONAL LOCAL.

SHOO-FLY.—Screen doors, sash and screen wire at Warren & Shanks'.

HARRIS' Nickel Plated Shows will exhibit here Thursday at 2 and 8 P. M. Big parade at noon.

THE King'sville telephone line is now in working order. Offices on it will be at Highland and Carter's store.

THERE were few other than McCreary men here yesterday. He has a clench on old Lincoln, if his friends assert themselves and they think they will or die trying.

SEVERAL light showers have fallen but they only showed how dry it is. The signal service predicted: Unsettled weather with showers and probably thunder storms Monday night and Tuesday.

TAXES.—The tax books are now ready and the auditor has written me to hurry up the collection of taxes. Please don't postpone but come up at once and get a receipt for your taxes for this year. S. M. Owens, Sheriff.

THE inauguration of circuit court was an unusually tame affair. Nothing was done save the routine work of charging the grand jury by the judge. The jury is as follows: J. H. McAllister, foreman, A. D. Root, W. F. Watson, T. L. Carpenter, G. C. Riffe, A. A. Warren, F. J. Jones, E. D. Kennedy, H. P. Young, L. G. Goeh, J. H. Bright and S. G. Dreye. The petit juries were not summoned until today. Ben Kennedy for shooting Will White produced a pardon from the governor and this case was dismissed. Court then adjourned, leaving people to wonder if it was so soon done for, what was it began for.

MCCREARY AND THOMPSON.—Without announcement, Hons. Jas. B. McCreary and J. B. Thompson, candidates for Congress, swooped down on us yesterday, and of course where two candidates are gathered together there are speeches and speeches. For some cause Mr. Gilbert, the other candidate, was not present, so the two named had it all to themselves. The governor led off and in his usually suave and gentlemanly way ran over his record, which he said was an open book from which all could read, and then went for his opponents. He showed that neither had been consistent in his course and while he used the scalpel with force and vigor he did it with the skill of a trained surgeon and with the air of a duty to perform as neatly and as courteously as maybe. He was listened to with the greatest attention and his best points applauded.

When his time was up, Mr. Thompson arose and after the first public announcement of his candidacy to a Lincoln audience, proceeded to do a little dissecting himself. He read from the governor's record to show that he was not always a free silver man and that there were other lapses in his record, which could hardly be explained away. Except for a saucy manner of expression, Mr. Thompson kept within the lines of proper debate and his speech was highly complimented by his friends.

In his rejoinder of 15 minutes, Gov. McCreary went for the man from Mercer and showered from letters and speeches that he had written and made that Mr. Thompson was not the original patentee of the free silver idea, that indeed his mind was so befogged on the question at one time that those who read his letters could place him no where but in the gold bug column. The governor satisfactorily explained the seeming points against him that Thompson had made and closed a speech that raised him even in the estimation of a people that already hold him in high esteem.

MATRIMONIAL MATTERS.

Charlie Peek and Miss Lulu Miller were married at Mrs. Susan Monrany's at Rowland Saturday. Mr. Richard B. Bell, of Harrods-

burg, and Miss Mary Elizabeth Galt will be married at Louisville tomorrow. Miss Evangeline Cisneros, whose romantic escape from a Spanish prison in Havana several months ago is recalled, was married at Baltimore to Carlos E. Carbonell, who assisted in her rescue. Dr. Robert Ryland, aged 94, and wife celebrated their golden wedding in Lexington. The remarkable thing of the event was the fact that the good woman who took part in the festivities is his second wife.

In a divorce case at St. Louis where there were two children involved the judge decreed that the man should have one and the woman the other, and that they should exchange at the end of each year. Nothing else could seem so fair, and yet the decision was a discouragement of divorce proceedings.

The marriage of Miss Mae Plummer, the beautiful daughter of Dr. and Mrs. H. Plummer, of this city, to Mr. Bowen Jones, of Lexington, was solemnized at the First Presbyterian church Wednesday afternoon.—Mr. Fred G. Curry left yesterday for Weatherford, Texas, where he will be married on June 22 to Miss May McClure.—Harrodsburg Democrat.

LAND AND STOCK.

W. M. Matthey has sold a lot of corn at his crib at \$2.25.

A. S. Hall sold a lot of hogs to Richard Cobb, Jr., at \$34c.

A Jessamine county farmer refused \$1 for his growing wheat.

Lightning killed 25 cattle, valued at \$25 each, in Madison county.

Frank Holtzclaw sold to James I. Hamilton a cavalry horse for \$80.

Powell & Harper, of Hustonville, have bought 15 cavalry horses at \$65 to \$110.

Dr. Jackson Givens bought of T. J. Hill a six-year-old combined mare for \$140.

The Glasgow News reports the sale of 100 mixed sheep at 1 to 3 and 300 lambs at 4c.

Tates Creek, a 30-to-1 shot, shocked the talent at Latonia by nosing out a hot favorite.

M. S. Baughman and A. C. Dunn bought in the mountains 15 aged work mules at \$55.

T. G. Nunnally bought of R. H. Cooper yesterday a pair of yearling mare mules for \$110.

George T. Wood sold in Cincinnati two car-loads of 185-pound hogs at the low price of 3 to 3½c.

The farmers of the McCormacks church section tell us there is a great deal of smut in their wheat.

Crit Davis, the old trotting horse driver, trained Han d'Or, who beat Plaudit in the Latonia Derby.

Jo Phillips, a Lebanon trader, bought 16 sugar mules in Cumberland county last week at an average of \$87.50 for the lot.

Jean Beraud won the Great American Stakes, worth \$12,500, at New York Saturday. Miller was second and Autumn, 50 to 1, third.

Col. Underwood bought of George S. Shelby a three-year-old jack for \$200. He has named him Dewey. Mr. Underwood refused \$100 for his two-year-old bull last week.

Pittsburg Phil is credited with winning \$25,000 on Oranmont when he won the Brooklyn handicap. He got about 2½ to 1 for his money. Phil is a loser on the season, and so are the other plungers.

Plaudit, winner of the Louisville and Oakley Derbies, met defeat at Latonia Thursday. Han d'Or defeating him easily for the Derby, in the remarkably fast time of 2:32. The Latonia Derby is 1½ miles.

Hardly the average crowd attended court yesterday and little or no business was transacted. There were no cattle on the market and no demand for any. A few horses for cavalry purposes changed hands at \$70 to \$85.

The Harrodsburg Democrat reports the sales of several growing crops of wheat at 80 to 85c. Some farmers are holding for \$1. Same paper also reports sales of yearling cattle at \$23, lambs at 24 to 3c and 50 cattle for Oct. 20 to Nov. 15 delivery at 4c.

The Kentucky Trotting Horse Breeders' Association has again broken the world's record, 536 entries being received to 14 stakes, and every great trotter and pacer in the land is entered. An average of about 38 entries is wonderful, no track ever before averaging over 25.

The great race horse and sire, Lecnatus, died at Rynnymede Farm in Bourbon county Friday, aged 16 years. As a three-year-old he won the Louisville Derby and beat all comers and in the stud he sired such horses as Leonowell and Tillo. He was by Longfellow and out of a mare by Semper Felix.

FARM.—I wish to buy a small Farm of 25 to 100 Acres. Must be good land and have fair improvements. Address: H. K., Hubble, Ky.

EVALINE STEWART, a well-known old colored woman, died Friday and was buried by the Sisters of the Mysterious Ten Saturday.

ARM BROKEN.—Little Sam, son of Mr. and Mrs. J. T. Embury, fell off of an outhouse Sunday afternoon and broke his left arm between the wrist and elbow.

NEW FIRM.—Messrs. W. K. Warner, of Garrard, and J. W. Ferrin have bought out the coal business of Rev. R. H. Noel & son's, look, stock and barrel, and have taken charge.

WE are requested by Victor Ballou to say that the Caledonians have reorganized and will give a big, free entertainment at the court-house, a week from next Saturday night.

PICNIC.—Manager T. H. Wright, of Green Briar Springs, announces a big picnic for July 4. Music, dancing, refreshments and other conducive to a pleasant day are promised.

BUT IT ISN'T.—The INTERIOR JOURNAL furnishes its patrons with special dispatches bearing on the war. It bears this extra expense for the accommodation of its readers and friends and it should be duly appreciated.—Mt. Vernon Signal.

JAILER GRIFFIN, of Mt. Vernon, came down Sunday and took to Rockcastle Estely Lackey, a Negro wanted for shooting and wounding a man named Jones in that county. Marshall Joe Shannon, of Crab Orchard, arrested Lackey on suspicion, but he confessed before the officer got him to jail.

STANFORD won't suffer for amusements this week. Miss Ellen Ballou's music class gives a recital at Walton's Opera House to-night, 14th, and the Beazley, Waters & Menefee elocutionary aggregation holds forth at the same place Friday night, 15th, while on the 16th Harris' circus will have the call.

TROOPS.—Thursday night's L. & N. train bore 31 men from Pewee Valley, under Assistant Adjutant General W. S. Forrester, and 20 men from Louisville, under Capt. Jacob, to London, where they took wagons to Manchester. They were sent thither by Gov. Bradley on oath of Judge Brown as to their necessity to preserve the peace during his court to try the Bakers and Howards.

KILLING.—Charles Obey, a Negro in the employ of H. H. Squires & Co., who are doing some grading at Kingsville, was shot by John Dickerson, also colored and in the same employ. Dr. C. M. Thompson took charge of the wounded man but he died in a few hours. Dickerson escaped, but it is believed that he was near Kingsville the day after the killing. Obey was running from Dickerson when he was shot and the killing seemed to have been entirely unprovoked.

WILL GILL, son of James Gill, of this county, was arrested by Marshal O. J. Newland, M. S. Baughman and Dink Farmer Saturday on a warrant sworn out by N. B. Coy, of Kirksville, charging him with stealing a lot of meat, some money and clothing from him some time ago. Gill married in Madison and was living near Kirksville when the goods were missed, but later moved to his father's on Neal's creek. Some of the clothing belonging to Mr. Coy was found in the house and it looks like the young fellow will almost certainly do time in the penitentiary. Marshal Newland will take him to Richmond to-day for his examining trial.

GET a pair 95c Oxfords. Severance & Sons.

J. W. WERNER, one of the finest barbers in the State, is now with me. Give him a trial. Ed Wilkinson.

LAIR.—Louis Lair, aged 21, died of consumption at his home near Turnersville Sunday and was buried at the Campbell burying ground yesterday.

LOGAN B. HUGHES held ticket No. 193 which drew the "solid gold watch" given away by Dr. Dan McClore, the medicine man. Another watch will be given away Thursday night.

THE citizens on Highcreek Avenue are rejoiced at the prospect of an electric light which will be put at the intersection of that avenue with Lancaster Street. The street is also being MacAdamized and generally improved.

ONLY one person was sent to the penitentiary from the Rockcastle circuit court which adjourned Saturday, notwithstanding there were a round dozen men charged with murder. John Jarrett got three years for killing Buck Padgett, as has been stated before in these columns, but the others either got their cases continued or had hung juries. Tate and Elza Langford, who shot L. C. King, from the effects of which he died, had a hung jury, six for acquittal and six for a term in the pen.

KILLED BY LIGHTNING.—While engaged in a game of cards for pastime, Ex-Deputy U. S. Marshal Wm. Stringer was instantly killed by lightning as he sat under some small trees at his home at Pittsburg Friday. The stroke tore his hat and one shoe to pieces but showed no severe marks on his body. Clel Stringer, a brother, was badly shocked and two dogs lying near were also killed. The deceased was well-known here and had the reputation of being a most courageous man. He was a strong democrat and his influence was worth much to the party in his section.

TAXES have increased since the receipt which Mr. Jesse Carter, of Moreland, showed us Saturday was written. It was dated May 11, 1892, and was for taxes on 129 acres of Hanging Fork land, several Negroes and some other property owned by Mr. Carter's grandfather, Charles Carter. The amount was only \$2.75, or hardly a tenth of what the taxes would be now. The receipt, which was beautifully written, was signed in a bold hand by "Jos. Davis, D. S." Mr. Carter showed us a number of old papers which belonged to his grandfather and which are highly prized by him. By the way Mr. Carter and several friends came down Saturday to vote for Gov. McCreary for Congress, thinking it was the day for holding the county convention. They will be on hand Saturday, July 9th.

THE Stanford Female College closed its 27th session in a most brilliant manner. The Opera House never had a larger crowd nor did the stage ever look prettier, either on account of decorations or its occupants. The beauty of the decorations was in a great measure due to the artistic taste of Mrs. Mary Craig, assisted by the young ladies of the graduating class. The colors of the V. A. M. Society, white and yellow, predominated, while the beautiful daisy formed the principal floral decoration. It was indeed a scene of brilliancy and beauty, when the graduates, Misses Tevis Carpenter, Roberta Cash, Hettie and Janie Wearen, their sweet, girlish innocence and beauty being typified in costumes of purest white, were seated by the handsome ushers in semi-circle amid the regal surroundings. The invocation was pronounced by Rev. R. B. Mahony and then the program given in our last was faithfully and excellently performed. Each young lady read her essay with clearness, beauty and much elocutionary effect, doing so well that we would not say which did the best, even if we knew. No graduating class ever was more lavishly remembered by its friends, for when all had contributed the stage was piled high with flowers, laups, onyx tables, paintings and many other valuable presents. Miss Mary Cowen sang "Adieu Marie," with soul entrancing sweetness and to a prolonged encore came forward again and sang as it was hardly ever sung before "My Old Kentucky Home." It was the lovely woman's farewell song and she sang it with the spirit and the understanding, and its strains awakened the deep regret that she was about to go from among us, perhaps forever. In addition to being a fine music teacher, she is gifted with a splendid voice, which she has liberally cultivated, and is in every way and every sense a most charming and delightful woman. After conferring degrees and delivering the diplomas, President Wm. Shelton spoke in highest praise of each of the retiring teachers and read the names of the new faculty, which we gave in our last issue. The benediction was then pronounced and the great crowd slowly unpacked itself. The next session will begin Sept. 5, when it is hoped that the efforts of the principal and his excellent daughter, Mrs. Nannie Saufley, to give the community a first-class school will be appreciated and demonstrated by the largest matriculation in its history.

IS the county court the wills of Madison Sandidge, Mrs. Susan Smith and Mrs. Belle Worley were admitted to probate. The first gives all the testator's property to his wife, Mrs. Elenor Sandidge, during her life and then divides it equally among his four children, after deducting amounts advanced them. Mrs. Kate Goode qualified as executor of Mrs. Smith's will.

THERE'LL be a hot time in the old town next Friday night, 17th, and the array of beauty and chivalry in the handsomely decorated Opera House will present a picture of such dazzling beauty that it will dwell in memory. The subjects selected are only excelled in beauty of sentiment by the loveliness of the nine young ladies who will participate in the entertainment, neither of whom comes for health alone, but to contest every inch of elocutionary ground. It will really and truly be a CONTEST from start to finish, and as reserved seat tickets are going like hot cakes on election day at McRoberts' Drug Store, a tremendously large audience will greet the grand galaxy of elocutionary stars when the curtain rises promptly at 8 o'clock. Beazley, Waters and Menefee, Managers.
